

CODEL DOORS

INTERIOR COLLECTION

www.codeldoors.com

A photograph of a modern interior space. On the right, a white entry door with a black handle is set into a light-colored wall. To the left of the door, a blue upholstered bench sits on a grey tiled floor. In the background, a white vanity with a mirror and a potted plant is visible. A semi-transparent white box containing text is overlaid on the left side of the image.

Since 1997, CODEL has been the leading Pacific Northwest fabricator, assembler, marketer, and distributor of pre-hung fiberglass and steel entry door systems for residential homes. Complete and On-Time Delivery has been the expectation for our customers and our vision from the start. Steady commitment to this vision has enabled us to become a market leader.

As we grew, we added Stile and Rail, and Molded and Flush interior doors to our catalog. This has enabled us to expand our product portfolio with a high-quality product that complements our market leading position in the entry door market. We invite you to take a look at our interior doors and select the one that fits your home.

PRIVACY GUIDE

CODEL™ offers an extensive line of glass options to choose from and the degree of opacity varies considerably. With each design, we have included a number which represents the "Privacy Level" for that product. Please refer to the guide below.

Note: This guide is subjective. It should only be used when comparing CODEL designs.

PRIVACY	1	2	3	4	5	6	7	8	9	10
	Completely Clear			Diffused/Distorted			Completely Opaque			
	Objects can be clearly seen through the glass from the opposite side.			Objects are distorted, but can still be detected from the opposite side.			Only light will travel through from the opposite side.			

INTERIOR DOOR INTRODUCTION

LOCAL PRODUCTS

We source our wood products locally, selecting from high grades of Douglas Fir and Knotty Alder. We believe our forests grow the best trees, and we want our doors to reflect that.

FROM TREE TO HOME

We manufacture our door products both locally and globally, allowing us to control the quality of our products from tree to door.

LOCAL PARTNERS

We select partners that reflect our values. Our molded doors are made locally and is something we value.

DETAILS MATTER

We pride ourselves on being manufacturers, and to us, the little details matter. Whether it is a perfect joint, a seam-free door, or a shaker with perfect edges, we want to build the best door, every time.

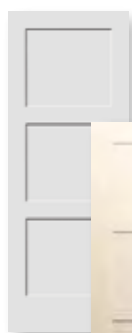

3'0" x 6'8"
Primed Birkdale

CONTEMPORARY

Contemporary homes reflect the architecture and design of today. They represent smart design and curb appeal. We selected several doors that we believe represent the ethos of now and can be loved forever.

MODERN FARMHOUSE

A balanced blend of modern and rustic, the Modern Farmhouse style continues to be a rising trend. We paired some of our favorite doors and hinge options that intelligently mix modern and traditional.

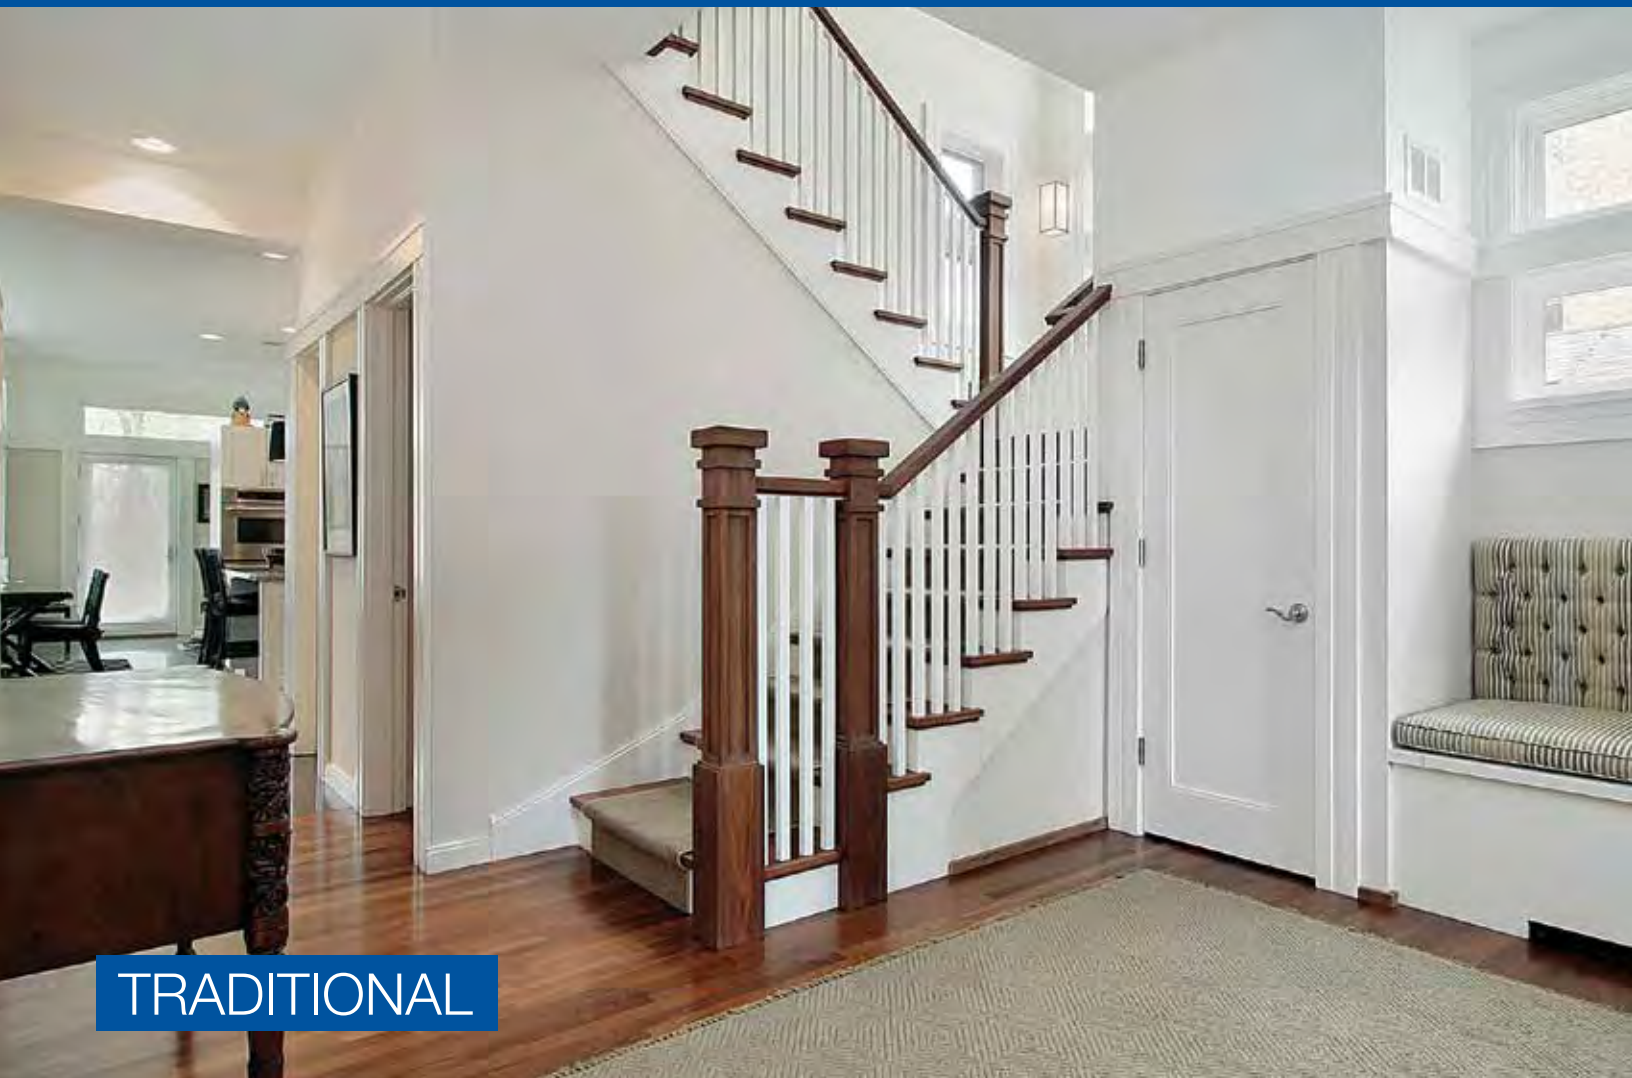

CRAFTSMAN

Craftsman homes emphasize hand-worked touches and beautiful detailing. Popularized at the turn of the 20th Century, it remains a popular design aesthetic. We have recommended several door and hardware options that give your doors the beautiful detailing a craftsman home requires.

Traditional homes are comforting and classic. Their interiors are calm, orderly and predictable. Everything matches and is consistent. We suggest these doors for completing the look in a traditional home style and décor.

LOCAL PRODUCTS

We source our wood products locally, selecting from high grades of Douglas Fir and Knotty Alder. Each door represents the Pacific Northwest's best asset, our forests.

MADE IN CANADA

Our custom doors are all proudly made in Canada. We operate the largest interior door manufacturing location in British Columbia and are proud of our heritage in British Columbia.

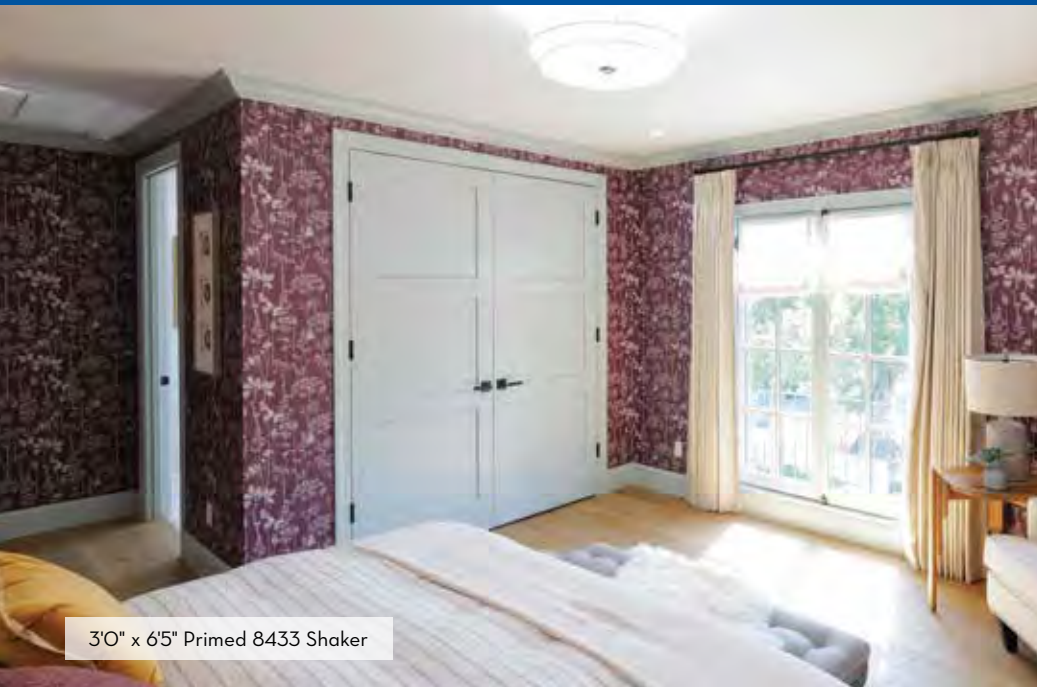

DETAILS MATTER

We pride ourselves on being manufacturers, and to us, details matter. Whether it is a perfect joint, a seam-free door, or a shaker with perfect edges, we want to build the best door every time. Although it might take a little longer than our Quick Ship doors, we want to make sure each handmade door is right the first time.
